Who we are

We are an Italian company that, since 2004 produces high quality aftermarket products, firearm accessories and components for most of the weapons present on the market.

We operate within a wide range of sectors: dynamic shooting, clay target shooting, tactical shooting, and hunting. Our unique design and the vast choice of colors are some of the key contributors to our success. The excellent quality of our products is achieved by choosing only the best raw materials, by centralized manufacturing process and thanks to advanced technology machinery. We also guarantee you a swift and reliable after-sales customer assistance.

Now Toni Sytem boasts many collaborations with important brands, such as Beretta, and with professionals shooters from different sectors. Currently we have a distribution network in 41 countries globally.

(Production department)

Mission & Vision

Our ultimate goal is to satisfy the needs of each customer through the creation and development of new products aligned with the latest market trends, without compromising the unique style that has always distinguished us. We aim to maintain and constantly improve our quality standards with passion and expertise to become one of the world's leading brands in the sector, for amateurs and professionals worldwide.

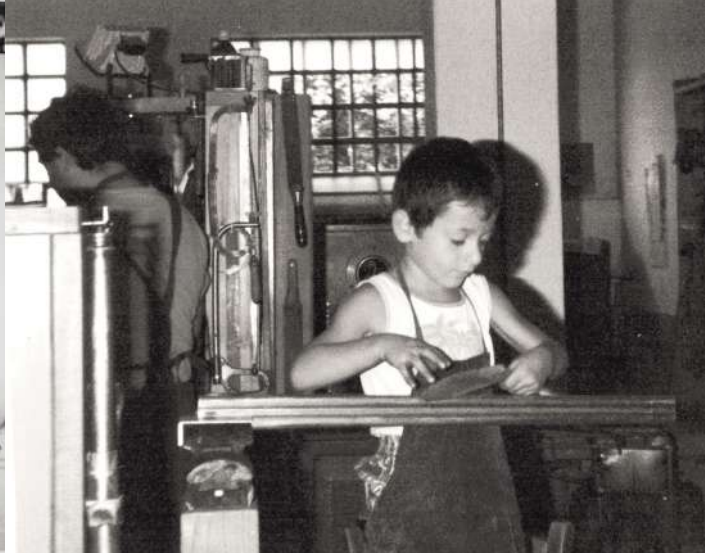

(From raw material to the final product)

History

In the early 40's, the passion of Vito Toni for the construction of weapons, made him the forefather of this company. Over the years he was able to create a laboratory, sometimes purchasing, sometimes creating and handcrafting the first working tools. During the 70's his son Franco Toni joined the company, with whom the passion and professionalism in the construction and repair of weapons is consolidated, the result of experience and passion handed over from father to son. In the 2000's, with the entry if Franco's son, Francesco Toni, the production of the first accessories for weapons began. It will be Francesco, using his creativity and knowledge in the field of weapons and background in mechanical engineering, to found Toni System, thus transforming a small local business into in an innovating company exporting all over the world.

(Vito Toni in his workshop)

(Francesco Toni at 5 years old in family's workshop)

Territory and traditions

Toni System has its foundation in the heart of Italy, precisely in the Sabina territory, a land full of history and tradition. Each of our products represents the craftsmanship and know-how that characterizes *Made in Italy* worldwide. The meticulous attention to detail and the passion infused into every product reflect our commitment to preserving the excellences of the territory.

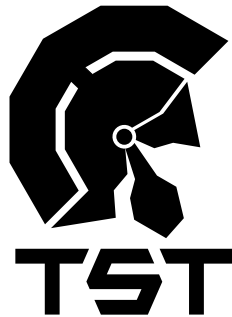

(View of Magliano Sabina, picture of Mattia Bernabei)

Toni System was born as a manufacturer of hunting and dynamic shooting components. Over time, we diversified into two lines with distinct logos:

The TS line offers sport shooting and hunting accessories, featuring a dynamic design with a variety of colors.

The other line focuses on components for defensive and tactical shooting, represented by the TST acronym and a pictogram of a Roman helmet.

The helmet symbolizes our determination to achieve greater goals, inspired by the Roman Empire's. TST products are designed to be both lightweight and durable, boasting an aggressive design, a minimal logo and available in black or sand colors.

How to order

- All aluminium components are colored by anodizing process in these colors:

- All polymer components are available only in black color
- The colors tone could change by the time
- To choose the color, add the color's code to the product code (separated by an hyphen)

Example (to order ASTCT Sand):

$$\begin{array}{c} \text{ASTCT} \\ \text{Product code} \end{array} + \begin{array}{c} \text{-SA} \\ \text{Color code} \end{array} = \text{ASTCT-SA}$$

Terms and Conditions

- Toni System reserves the right to make any changes it deems necessary for the improvement of the products displayed in the catalogue, and/or to implement price changes for the products in the catalogue at any time for production or Factory reason and or purposes, without prior notice.
- All images in this catalogue are for illustrative purposes only. The colors displayed in the catalogue may vary from the original products for technical or strictly printing related reasons.
- All photos, images and information in this catalog are property of Toni Vito Srl, unauthorized use and/ or distribution is prohibited.
- The prices displayed in the catalog are to be considered retail prices VAT included.

Warnings

Handle with care, open carefully. Assembly of some products may require specialized personnel with suitable equipment. Do not modify or tamper the parts. If you encounter difficulties in assembly, contact the company.

Warranty

Toni System, producing everything internally, offers a lifetime product guarantee. Depending on the type of problem Toni System will repair, replace or refund a product due to manufacturing or workmanship defects. This warranty is limited. Exclusions include normal wear and tear, misuse and abuse. Please contact us by phone or e-mail if you encounter any problems.
